Learn More

Baptist Health Lexington Volunteer Services is debuting a new, modern look thanks to VolunTeen Lucy Wan! Our website has been revamped with a clean new design. However, there's no need to worry, it has the same features you know and love, just with an updated appearance. As our program has grown, so has our need for an easily-navigable website. We hope you'll find our site to truly be new and improved.

In addition, our newsletter has also been updated. While the content remains the same, we hope you enjoy the fresh style. As you can see, there's a lot going on within our hospital and Volunteer Services so far this summer. So, be sure to check out the website and upcoming newsletters for more information.

Only \$20/  
Month

**CENTRAL BAPTIST**  
**HEALTHwoRx™**  
Fitness & Wellness Center

## New Nursing Student Fellowship

We're excited about the introduction of the Nursing Student Volunteer Fellowship this year! We've selected five nursing students entering their final year of nursing school who will be able to participate in a unique Volunteer experience that will help them gain exposure to lesser known areas of nursing and nursing leadership development opportunities. This program is designed to support the hospital and healthcare system's strategy of Workforce Development.

The Nursing Student Volunteer Fellowship is designed so that each morning these students begin their day shadowing a different nurse manager as she conducts her "Leadership Rounds." Next, these students will have the opportunity to observe several different areas of nursing with an emphasis on areas related to surgery. Over lunch these students will learn some basics about nursing leadership from hospital staff who also instruct in the hospital's nationally recognized "Evolving Leaders" program. Among the leaders, is the hospital's Chief Operating Officer and Chief Nursing Officer, Karen Hill. After lunch, the young people will have the opportunity to spend time with nurses in fields to which they are not typically exposed during nursing clinicals, such as a Diabetes Educator, Clinical Nurse Educator, House Supervisor, and Nurse Epidemiologist. Finally, each day will conclude with a time of journaling and guided reflection and debriefing.

Our 2014 VolunTeens

## VolunTeens: A Sign of Summer

Like they have for most of you, things have really been hopping around Baptist Health Lexington this summer! As you see above, we have another fantastic group of about 100 VolunTeens under the leadership and direction of Bridget Starr, Student Volunteer Coordinator.

### The VolunTeen Virtuosos

And, just when we think the young people can't get any better than the year before, we are proven wrong! It's exciting that what began as a pretty informal start to having music in our cafeteria last summer has developed into a formal VolunTeen group called the "VolunTeen Virtuosos." And, even more exciting is the fact that the young person heading up this effort has elected to make the perpetuation of this organization her project as a rising senior at Henry Clay High School. Her name is Lucy Wan (Far Left)! Stop by one Friday in July to enjoy their talent!

## PINOT'S PALETTE

### Pinot's Palette Opens!!!

A new and exciting store has opened up in Fayette Mall. Pinot's Palette is an upscale paint and sip studio where people of all ages can gather to create a masterpiece. Whether it's for girl's night out, date night, or even team building, Pinot's Palette is the perfect venue to have a night out.

**This business was started by Nancy Pauley after leaving volunteer services.** So, grab your friends and show your support by signing up for a class today! Learn to paint one of several beautiful pieces all while enjoying a drink. The grand opening of Pinot's Palette was June 26th! Classes are a blast and range from \$35-\$45. Call **245-0004** to reserve your spot today and get your paint on!
