From Our Auxiliary President

Dear Auxiliary,

Summer is almost over, and I hope that everyone had a chance to relax with family and friends. During that time, Baptist Health had 93 **VolunTeens** in various departments contributing their time and talents. I personally interacted with many of them, and was extremely impressed with their abilities and caring hearts. What a great program!

Many of you contributed to the fundraising campaign for the **Healing Garden** outside the entrance to the Cancer Center; thank you for that! The Garden is currently under construction with an anticipated October completion date. It will be enjoyed by not only cancer patients and their families, but anyone coming to our campus...."Healing for the Mind, Body and Soul."

With Fall and Winter approaching, you may be looking for an indoor fitness location. **Baptist HealthWoRx Fitness & Wellness Center** might be the place for you. As Volunteers, we are entitled to the same discount that employees receive which is \$20.00/month. They have various fitness classes and programs to suit the individual needs of almost everyone. The facility is located at 161 Lexington Green Circle. For more information call 859/260-4354 or go to www.baptisthealth.com

Mark your calendars for our Fall breakfast meeting on Thursday October 20th and our Christmas luncheon on Friday, December 9th.

Sincerely, *Sue Brandstetter*

2016 VolunTeen Fellowship

The VolunTeen Fellowship is a one-week, 40-hour intensive experience developed and implemented in 2009. The foundational learning principles for the VolunTeen Fellowship are Service, Observation, Leadership Development, and Reflection/Journaling. After a one-year hiatus, the program was reconstituted in 2016.

Selection as a VolunTeen Fellow is a competitive process for only five students who have already volunteered previously during the summer who submit a separate application. The VolunTeen Fellowship is designed for young people who have demonstrated the maturity required to handle some of the more intense experiences associated with healthcare. Typically, students have at least completed their Junior year of high school.

The **2016 VolunTeen Fellows** are pictured above. From left to right they are:

Rohith Kesaraju, Maddie Haynes, Yoon Cho, Emily Guilford, and Akhil Kesaraju
